Wm. McIntosh was in Stanford on business. Frank Jones and wife were guests at Rev. Ferrell's Tuesday. O. R. Jones and Edgar Miller were visiting relatives at South Fork.

The Xmas tree at the College was well attended and the social entertainment after the tree was unloaded of its presents was a decided success. The young folks had a royal time and all went away well pleased.

Perry Wesley, our dentist, has been very low with pneumonia and has had several hemorrhages. He was reported some better Sunday. Born to the wife of Wm. Thomas, a fine boy. ## DO NOT DOSE THE STOMACH.

Cure Catarrh by Nature's Own Method—Every Breath of Hyomei Brings Relief.

Nearly every one who has catarrh knows how foolish it is to try and cure it by drugging the stomach. Temporary relief may be given, but a cure seldom comes.

Until recently your physician would have said the only way to cure catarrh would be to have a change of climate; but now with Hyomei you can carry a health giving climate in your vest pocket and by breathing it a few minutes four times a day soon cure yourself.

The complete Hyomei outfit costs but \$1.00 and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler lasts a life time, and if one bottle does not cure, an extra bottle of Hyomei can be obtained for 50 cents. It is the most economical of all remedies advertised for the cure of catarrh, and is the only one that follows nature in her method of treating diseases of the respiratory organs.

G. L. Penny has sold a great many Hyomei outfits and the more he sells the more convinced he is that he is perfectly safe in guaranteeing to refund the money if Hyomei does not cure.

We have always regarded it as theft, pure and simple, for a man to draw a pension he does not deserve and does not need, and it is exceedingly gratifying to have found one old soldier who entertains the same opinion. Editor F. J. Campbell, of the Somerset Journal, who was in the city a few days, is one of the few who fought for the banner, who is not now drawing a pension. He says he can make a living without government bounty, and so long as he can do so he will not accept it. Mr. Campbell is one among ten thousand; in fact, he is the only man of our knowledge who could get a pension and does not get one. Let his name be written in letters of gold and pictures of silver, and his example held up for the emulation of those who would make merchandise of their patriotism.—Lexington Democrat.

## A Frightened Horse

Running like mad down the street dumping the occupants, or a 100 other accidents, are every day occurrences. It behooves everybody to have a reliable Saive handy and there's none as good as Bucklen's Arnica Salve. Burns, Cuts, Sores, Eczema and Piles disappear quickly under its soothing effect. 25c. by all Druggists.

Every time a big ocean liner arrives in port it is repainted. This is no light task, for the area covered is two and a half acres. In painting the funnels the men are suspended from the rail on the top of the mouth of the funnel.

Mr. Wm. S. Crane, of California, Md., suffered for years from rheumatism and lumbago. He was finally advised to try Chamberlain's Pain Balm, which he did and it effected a complete cure. This liniment is for sale by W. N. Craig.

## SOMERSET.

The time for the franchise for the street railway has been extended, but that it will be a certainty no one doubts.

New Year's greeting to the dear old JOURNAL and its many readers. We trust Christmas was a happy occasion to each and all.

Aside from a few social functions and the Christmas trees for the different Sunday schools the holidays passed very quietly here.

After a short but pleasant visit to friends here Misses Louise Stapp and Genevieve Watkins returned Wednesday to Campbellburg.

The electric light plant will be furnished with new boiler and new engine which will give better satisfaction than the repair of the old ones.

As we had hitherto greatly desired Mr. Fitzgerald was justly awarded a handsome gold medal for the most excellent condition of the yards at this place.

A new telephone directory will soon be issued in which will appear a great number of advertisements showing that our little city keeps up to date in every respect.

The commercial club is planning great things for the present year and surely great things are expected, for Somerset must keep up her record as a first-class city.

The pikes in six different directions have been completed and will prove a benediction so far as they go, and that they will be extended is only a question of time.

The finishing touches are now being put upon the large and imposing Newtonian Hotel. Some of the rooms are now being occupied preparatory to a grand opening in the near future.

After undergoing considerable damage by fire the Somerset Bakery has been enlarged and rebuilt and is now ready to accommodate all its former patrons with fresh bread and everything pertaining to a well equipped bakery.

The series of meetings at the Presbyterian church have been postponed indefinitely. Rev. Tindler, of Lancaster, will assist O. P. McMahon in a meeting at the Christian church, beginning the 11th. Mrs. Harrison, of Lexington, will meet with the Ladies' Auxiliary at the beginning of the meeting.

## MATRIMONIAL.

David Hysinger and Miss Mary Durmon were married in Rockcastle last week.

Miss Mollie Hendren, of Kirksville, and Everett Parks, of Bryantville, were married Friday.

Samuel W. Minor, a prominent young farmer of the West End, and Miss Effie Boyle, daughter of John L. Boyle, of Moreland, were married at the home of the bride's parents by Rev. T. H. Coleman.—Advocate.

Here's your chance. The members of a Knights of Pythias Lodge in Illinois have offered to buy the license, furnish a house and pay the expenses of a two weeks' honeymoon for any couple that will agree to the conditions of becoming engaged and married on the night of the annual lodge ball.

From gay Gotham comes the information that the "old maids" are engaged in the very questionable occupation of organizing what are known as "anti-obey societies," the object of which is to eliminate the word "obey" from the marriage vow. The young men need not become alarmed, however, for that is only a big bluff. The average old maid who lives east of the Hudson river would jump at any thing in the guise of a man in utter disregard of what the marital obligation contained. She would prefer to accept it with all its obnoxious features than to be consigned to the company of maltese cats and an effort to satisfy her soul with the Dead Sea fruit of fashion. Gotham's old maids are not sincere in this class of work.

## LAND, STOCK, CROPS, ETC.

John B. Foster sold to C. M. Jones a Red Berkshire boar for \$15.

W. A. Tribble sold to C. C. Bickley a Poland China boar for \$12.50.

R. W. Stigall has bought of Frank North, of the West End, his farm of 85 acres at \$58.

Tobacco prize in good shape, for sale. Will deliver to Lancaster or Stanford for \$10. B. T. Lunsford, Preachersville.

Diane Blevins was killed and his two sons seriously wounded by J. J. Smith and his 17-year-old son on the Tennessee line in Wayne county.

Three persons were killed and four others injured in a fire that destroyed the Louvre Family Hotel, Chicago.

The democrats of Woodford will hold a primary to nominate county officers on Feb. 29.

## NEWS NOTES.

Miss Dolly Langdon, aged 18, was burned to death at her home in Grayson county.

Capt. Frederick Pabst, head of the Pabst Brewing Company, of Milwaukee, is dead.

One man was killed and another was seriously injured in a boiler explosion in Franklin county.

J. W. Dawson, of Louisville, received \$75 from an unknown person. He lost the money 15 years ago.

The Highland Hotel at Albuquerque, one of the finest winter resorts in New Mexico, was destroyed by fire.

Anna Cooper, a 17 year-old girl, shot herself in Cincinnati because of a longing for her old home near Cynthia. Robert Bessfield, of Gletown, Ala., while drunk, set fire to the jail, in which he was incarcerated, and was burned to death.

Plank Hubbs, an aged Ohio county farmer, died from the effects of a shock caused by the burning to death of his 14 year old daughter.

Robert Alexander, of Ripley, Tenn., was assassinated while sitting in his home conversing with his wife. The assassin is not known.

Burglars dynamited the safe of O. Cohen, a pawnbroker, at Des Moines, Ia., and got away with \$8,000 in cash, diamonds, watches and other property.

Engineer Oliver Herbert, Fireman Elmer Stafford and Baggageman Race Snyder were killed in a collision on the Pennsylvania railroad, near Latwill, Ind.

Will S. Hays, river writer on the Courier Journal and Times, and one of the best known river men in the Ohio valley, suffered a stroke of apoplexy which affected his right side and his power of speech.

A fire visited Mt. Sterling destroying the opera house block, entailing a loss of \$135,000. Joe W. Barnes, a prominent citizen, and Frank White, a Negro, were killed by a falling wall while fighting the flames.

Mary Anderson, now Mrs. Navarro, recently appeared in song and recital two nights in London for the benefit of the poor, at which a handsome sum was realized. When interviewed she declared that she would never again return to the stage.

Fargo Squiers, oldest son of United States Minister Squiers, was accidentally shot and killed at Havana by Gaston Michaud, a chauffeur employed by his father. Squiers and several servants were engaged in shooting at a target at the time the accident occurred.

Bradstreet's in its annual review of 1903, says that it has been a year of irregularities in the commercial and industrial world. It declares too swift a pace had been struck up to the middle of the year, when troubles began to pour in from labor dissensions and business depression.

Eight Louisville people were in the Chicago holocaust, two meeting death. They were Mrs. Frances Owens and her daughter, Miss Amy Owens. Their charred bodies have been recovered. Mr. and Mrs. Frank Fehr, Mrs. D. K. Beath, Mrs. F. W. Samuels, Leonard Bacon and Dr. Robert Canine are the fortunate ones who escaped.

Samuel Horner, a Philadelphia capitalist, has purchased 816 acres southwest of Louisville preliminary to erecting a mammoth plant for the manufacture of Portland cement. Acting for himself and others he will invest \$1,000,000 at the outset. The venture means employment for 500 laborers and the establishment of 150 cottages near the plant.

The annual report of R. G. Dun & Co. says that the past year has been one of readjustment and retrenchment in the financial and industrial interests of the United States. It declares that the five years of unprecedented success undoubtedly produced financial and industrial excess. The retrenchment and working off of this excess during the past year have been done without any sensational bankruptcies or failures. Despite the irregularities in the steel, cotton and other markets, the review predicts that everything will be righted during the present year.

MILLIONAIRE'S POOR STOMACH.—The worn out stomach of the over-fed millionaire is often paraded in the public prints as a horrible example of the evils attendant on the possession of great wealth. But millionaires are not the only ones who are afflicted with bad stomachs. The proportion is far greater among the toilers. Dyspepsia and indigestion are rampant among these people, and they suffer far worse tortures than the millionaires unless they avail themselves of a standard medicine like Green's August Flower, which has been a favorite household remedy for all stomach troubles for over 35 years. August Flower rouses the torpid liver, thus creating appetite and insuring perfect digestion. It tones and vitalizes the entire system and makes life worth living, no matter what your station. Trial bottles 25c; regular size, 75c. At all druggists.

MISS ELIZABETH M. CREIGHTON.

The INTERIOR JOURNAL's pretty, efficient and faithful Kingsville correspondent, who keeps our readers posted on the doings of the southern end of Lincoln.

## CHURCH MATTERS.

The Baptist church at Indianapolis burned, causing a loss of \$50,000.

Rev. O. M. Huey begun a protracted meeting at the Baptist church in Mt. Vernon last night.

Fire completely gutted the rectory of the "Little Church Around the Corner" in New York.

Rev. Holton Frank is dead at Lexington. He was a brother of Rev. Graham Frank, who assisted Rev. J. W. Hagin in a meeting at the Christian church several years ago.

It is the Christian church of Middleboro that has called Rev. Childress, of Troy, Mo., as its pastor and not the church here, as our types made us say last week. The members of the Christian church here are too well pleased with their pastor, Rev. J. W. Hagin, to think of giving him up.

The annual report of the Stanford Christian church for the year ending Dec. 31, 1903, shows the church and its various departments of church work to have contributed to missions during the year \$584.90. It further shows that the church expended for local work, various charities, &c., \$1,625.96. Its recognition of being "debtor" is in a small degree expressed by giving to the Lord's work, during the year, \$2,210.96.

## CRAB ORCHARD.

Morris J. Harris made the home-folks a pleasant visit during the holidays. Mrs. Mary Richert, who has been seriously ill with pneumonia, is better.

The box supper at the Baptist church Friday evening was a success and something over \$25 was realized. A good crowd attended the temperance lecture delivered there by Rev. Sawyer and we hope much good will result from it.

Your types made a mistake. Mrs. Buchanan will join Andrew and they will go to lower California. Mrs. Mollie Borders left for Texas Sunday. Miss Lizzie Williams was a guest of the Misses Bronaugh. Mrs. Morris, of Junction City, is visiting Mr. and Mrs. W. M. Morris.

## Fight Will be Bitter.

Those who will persist in closing their ears against the continual recommendation of Dr. King's New Discovery for Consumption, will have a long and bitter fight with their troubles, if not ended earlier by fatal termination. Read what T. R. Beall of Beall, Miss. has to say: "Last fall my wife had every symptom of consumption. She took Dr. King's New Discovery after everything else had failed. Improvement came at once and four bottles entirely cured her." Guaranteed by all druggists. Price 50c, and \$1. Trial bottle free.

Mayor Harrison has issued an order closing every theatre in Chicago except the Auditorium until they have complied with the sections of the ordinance regulating play houses. The Auditorium is the only theatre in Chicago provided with a steel roll curtain, and the mayor says he is determined, as far as possible, to see that other theatres are similarly provided. Managers Davis and Powers, of the Ironquills Theatre, and Building Commissioner Williams were arrested on the charge of manslaughter.

## A Costly Mistake.

Blunders are sometimes very expensive. Occasionally life itself is the price of a mistake, but you'll never be wrong if you take Dr. King's New Life Pills for Dyspepsia, Dizziness, Headache, Liver or Bowel troubles. They are gentle yet thorough. 25c. at all Drug Stores.
